IT'S HUGE

CMRTA Transit Advertising Works !!!

Transit advertising works for you and it works for our local community. The market exposure for your advertisement is outstanding and everyone notices the jumbo graphics. Compared to the cost of traditional advertising such as billboards, transit advertising is a great value with much better exposure. This billboard **MOVES** so you have your message in front of nearly all demographics. Not just commuters and travelers passing through....

Transit advertising is also working to improve our community. Your advertising dollars help to maintain and expand CMRTA's fleet and routes. CMRTA is dedicated to making the Columbia area a better place. With a modern fleet, new signage, expanded routes, and even alternative fuel eco friendly buses, such as our CNG (compressed natural gas) powered buses, CMRTA is here to work with the community.

Call SightLine Digital Graphics today at (803) 791-1221 to get your message to the masses in a HUGE way. See the next page for our great advertising rates and options.
